Subject: Childhood Cancer Awareness and Flag Raising.

Mayor Quirk,

Good morning. I hope this email finds you well.

September is Childhood Cancer Awareness month. We are looking to add Georgina to our list of towns/municipalities that support the local children fighting cancer in their region.

Candlelighters is an organization that supports families in their communities traverse their childhood cancer journey.

We have many towns that currently invite us to raise a flag during the month of September and many also prepare a proclamation declaring September Childhood Cancer Awareness month in their council meetings.

We hope that we can count on your support.

Regards,

Cheryl Gotthelf
