Re: Application B13-24 and A27-24

Good morning Committee,

We are the owners of [REDACTED] We're writing to express our views regarding the minor variances requested by 306 Glenwoods Ave Keswick under Application 13-24 and A27-24.

We **oppose** any minor variances to this application.

We feel a request to exceed the permitted building setbacks and coverage is, in our view, excessive. A two storey home that close to the lot line, encroaches too much on our property and would limit sun throughout the day, which we currently have.

This application stretches the setbacks and coverage way too much and is not MINOR in our minds.

Thank you for considering our objections in your ruling,

[REDACTED]
