Subject: Hank

To whom it may concern.

My name is Laura Joudrey, I live at [7 Riley Ave](#) in Jackson's Point which is directly beside Nathan, Natasha and their dogs. I am writing this to share my families honest experiences and interactions with Hank. We have been Neighbor's since they first got hank, our back deck directly faces their back yard. I have seen him grow from a puppy into the large dog he is today. Having not been close to Nathan and Natasha in Hanks youngest years I inwardly questioned the low backyard fence but our worries were unwarranted. If we walked by or the kids rode their bikes he would quietly watch them , never barked at us or made us feel uneasy. Nathan and Natasha are social people and I have witnessed many backyard gatherings some quiet and other times with a little more energy with people coming and going and Hank just walks around checking things out or is laying quietly. Ive seen puppies jump and nip at him and he was very patient with it as well didn't get aggressive in the least. As time went on we started to directly interact with Hank more when they would bring him down to the lake for a swim. The kids we always happy to see him and play with him. Now we join them in the yard for social gatherings and are completely at ease with him around us and the kids. He is not a mean or aggressive at all in my opinion. If you have any further questions please feel free to reach out to me by phone or email.
