Incident Details

Address: _Lowndes Avenue, Keswick,
Ontario _____

Location on Property /OR Location on Street: The incident started on the sidewalk, continuing to middle of the road on Lowndes Avenue< Keswick _____

Date of Incident: _____ June 29, 2024 _____ Time of Incident: approximately 5:30pm _____

Details of Incident: _My daughter (Krystal Harman) and I were out walking, southbound down the sidewalk on Lowndes Avenue with our 2 dogs.

Krystal says "mom pickup Kikko (morkie 5 pounds) there are 2 dogs coming." I instantly picked up my dog, when a black terrier and red cane corso mastiff were right by my left side.

The terrier jumped at my left side x 1 where I was holding my dog in my left arm. I was screaming at the dogs and that's when the 2 dogs changed direction.

At this time Krystal was trying to cross the street with her dog. The 2 dogs ran into the street and attacked Krystal and Romeo (dutch shepherd mix). As I went over to help Krystal, I saw the terrier

bite Romeo on his hip. Krystal and I were kicking the corso multiple times, Krystal was punching the corso and when she finally punched it in the jaw, it let go of Romeo. I was also kicking at the terrier to get it out of the way or leave. 3

small children showed up trying to get the terrier. Once the corso let go of Romeo, is when the 2 kids finally got hold of the terrier, they dragged the terrier by its 2 front legs home and the corso followed the 3 kids.

Krystal and I were screaming the whole time and going in circles in the middle of the street during this incident. Krystal did yell "I was bit." She did not check the bit right away. She checked it later at her van. This attack on Romeo lasted approx. 5 minutes with the corso.

I was asking the 3 kids where do the dogs live? What was the house number? They would not answer my questions. The owners were not with the 2 dogs. The 2 dogs had no collars, no harness and no leashes on them. The owners did not come over at all to see how our dogs, Krystal or myself were doing.

continued to follow the 3 kids from a distance on Patchell Crescent. They walked into unit # 61 with the 2 dogs and closed the door. Once I had the unit number, I left the property. I live across the street from the Glenwood Meow Complex and I have seen those 2 dogs before there with the owners of 61 Patchell Crescent, Keswick.

I went back across the street to the Lowndes Apartments visitors parking. Krystal was standing outside her van, in the visitors parking lot. She was checking Romeo over for bites or blood. Both sides of Romeo's body appeared wet, his hair looked matted down.

While waiting for the police, we observed a black Hyundai arrive in front of unit # 61 and he put the red cane corso into the back seat of his car. He left at the far exit.

Krystal ran down to the far exit and got photos of his car and license plate. I walked down the sidewalk to where Krystal was with the car. I remembered the plate [redacted] Ontario plate.

Krystal and I walked back together to her van and waited for the police.

This dog attack was scary and traumatic for both pet owners and our pets. I am thankful that my daughter and Romeo were not badly injured from this dog attack.

Name of Witness

1. Linda Hartford - Ms. Hartford had called police. Police have her information
 2. Lenora Savoy - [redacted] Ms. Savoy left a written statement and her information which was given to the police. My husband called our superintendent of Lowndes Apartments and left a voice message to see if any of the security camera's may have caught the attack on video.
- I am also going to contact Janis Duley York Region Housing to see if she would check the security camera video from the entrance of Patchell Crescent, Keswick. I will also report this incident to her and email her a letter.

[Lined area for additional witness names and information]
