Incident details			
Location: 65 George Rd, Georgina, ON, L0E 1R0			
Date of incident: October 7, 2024		Time of incident: 12pm	

I, Ubanna Emeana, submit the following statement as a true and accurate account of what I personally witnessed regarding the incident.

Statement
<p>On October 7, 2024, at approximately 12pm, I, Ubanna Emeana was attending 65 George Rd, Georgina, ON. I am a Personal Support Worker (PSW) and provide care to a female resident at this address. I arrived at the address and knocked on the door. I heard 4 dogs barking inside. I made a request to the adult male and his adult daughter to put the dogs away so I could enter the dwelling. The adult female daughter put the largest of the 4 dogs outside in the backyard while the remaining 3 were brought upstairs and placed in the bedroom with the adult male.</p> <p>I was in the living room of the dwelling, providing care to my client when the dogs were let out of the bedroom by the adult daughter. It was at this time the 3 dogs came downstairs and 2 of the dogs began attacking me in the living room, causing me to fall to the floor. The 2 dogs that attacked me are described as the following:</p> <p>1x large breed, dark brown in colour, short coat 1x large breed, dark brown in colour, short coat</p> <p>The third dog that was inside the dwelling at the time but was not involved in the attack is described as a small white dog.</p> <p>I was bitten multiple times over various parts of my body during the attack including bites to my left breast, both my legs (thighs and calves) and my right hand, causing significant damage and open wounds.</p> <p>During this time, the daughter, the male and my client (her mother) did nothing to aid me during the attack, as they stood there and watched. No verbal commands were given to the dogs by any of the owners during the attack. As I screamed "help me" the male came over and removed both dogs from me. It was at this time I managed to escape the dwelling, ran to my vehicle and called 911.</p> <p>EMS arrived, treated my wounds and transported me to Southlake Hospital, where I received further care. I was discharged that night, but returned on Thursday, October 10, 2024 and had surgery on my right hand due to the injuries that occurred from the attack.</p> <p>It is my belief the dogs are a danger to public safety as it is my understanding this is not the first incident.</p>
