Subject: Hank

To whom it may concern:

I have known Hank since he was a beautiful puppy and he has become the best friend of my Pomeranian dog. I have left Ziko for an hour or 2 alone with Hank as I needed to do a few errands and find them both asleep in Hanks cage when I return. I am 81 years old and often “babysit” Hank for hours. I love him with all my heart especially when he lies with me on the couch. What a loving and friendly dog he is that is hard to find anywhere. Ziko , my Pomeranian gets so excited when I tell him we are going to visit Hank. We love you forever, Hank.
