I, T.Chaudoir, submit the following statement as a true and accurate account of what I personally witnessed regarding the incident.

Statement
On the 22nd day of July 2025, at approximately 09:34...am. I was in our front yard on the S.side of our property working on our garden and doing some landscaping. While doing so, along came a slender grey Lg. Great Dane 10'-15' ahead of its owner OFF-leash and pass me proceeding down the sidewalk to N.side of our property as the owner of GD and I engaged in conversation. As were distracted in conversation S.side, our dogs interacted, and a tussle occurred just out front and on the N.side of our property. I immediately Intervened and engaged the situation leading my dog Chewy away and back from the confrontation and then into our home. Owner quickly recovered her G.D. and swiftly exited the scene and down the street.
