

To whom it may concern,

My name is Scott Rose and I have been a resident of Scotia road for 4 years. Over the past few years myself, and my family have had several uneasy encounters with “chewy”.

When walking by although the dog is fenced in, you are met with aggressive barking and charging at the fence, which in my opinion is too short for a dog of that size. We actively avoid the path beside their house as the dog shows very aggressive behaviour and there is no doubt if he got out there would be serious issues. We often avoid that corner on the sidewalk to avoid confrontation when walking our own dog.

Throughout the neighbourhood, this dog is a known problem and has been discussed amongst the community for some time.

My contact info should any further info be required:
