Re: 24 Prosser Cr. Sutton & the dog "Chewy" -

In my experience observing this dog, I have found it to be highly aggressive.

In many walks I have taken over the years, and walking beside the yard @ 24 Prosser Cr alongside the chain link fence, I'm glad there is a fence there!

The dog Chewy, will run alongside the fence, back & forth barking continuously. In my opinion, this dog is, and acts, aggressively.
