**Subject:** Dog Incident – “Chewy”

Dear Animal Services,

I’m writing to report that while I was riding my bike on **Prosser Crescent in Sutton**, a dog named **Chewy** got out of its fenced backyard and chased me down the street. The situation was alarming, and although I wasn’t injured, it created a safety concern for myself and others in the area.

Thank you for looking into this matter.

Sincerely,  
**Lauren Gerrie**
