To Whom It May Concern

Hi my name is Debbie Cordell, I work for a Healthcare Service. I have been a Homemaker for Andrew Knight for about 2 years now. I go twice a week to his home. I have known River since they got him and have had no problems with the dog. He is very friendly. I have been there when he is eating and have to get by him several times and he has never been aggressive. They take good care of him, he is usually tied up when I arrive and they take him for walks every day. They also take him to a dog park where I have not heard of anything bad happening there.

Thanks Debbie Cordell
